Wynkoop's Iceland Pectoral.

Diseases of the throat, chest and pulmonary organs are ever prevalent, insidious and dangerous. The properties of a medicine to alleviate, cure and uproot these complaints, must be expectorant, sudorex and purgative, loosening the mucus of the throat, and removing the irritants of the system. No discovery in medical science equals this. This class of disease, like Dr. Wynkoop's Iceland Pectoral, is now recognized as the most astonishing resultant all cases of bronchitis, asthmatics, whooping cough, diphtheria or purulent sore-throat, asthma, croup, emphysema, colds, nervous irritability, &c.

The Rev. J. J. Potter certifies that, "I have used Dr. Wynkoop's Pectoral for several years myself and in my family, for severe pulmonary complaints, and have recommended it to many others and have never seen any fail." Rev. J. J. Potter, Brooklyn, N. Y.

Hundreds and thousands of important testimonies could be produced, showing the remarkable cures and that it never fails.

It is composed of pure Iceland Moss, Raisin of Grapes, Persian Saffron, Sassafras, Camphor, Burdock, and other medicinal ingredients of a powerful and tonic character.

It is now in every drug store, apothecary, invalids and sufferers cannot afford to neglect it. Every family should buy it. It is remarkable for Croup. Full descriptions, recommendations and directions accompany each bottle.

Sold in Dayton by W. W. Stewart and all principal druggists.

Prepared by Dr. H. D. Wynkoop, and sold by H. D. Barnes & Co., New York.

A Sympathizer.

Gold is still respectable; its company is sought after by the "loyal man," as well as the copperhead; it is made welcome to every gentleman's house, and of all influences, in every community, it is the most potent. Even "watchmen on the walls of Zion" usually speak, and even pray to God in terms inspired by their idolatry of this "sympathizer with rebellion." It does not deny its sympathy. It proclaims it every day by telegraph, and publishes it in every newspaper. It is elevated with every success of the rebels, and depressed with every reverse. Even the secrets of the Government—facts most important to conceal—are every day betrayed and made public by traitorous gold.—What is to be done about it?

Genuine Democracy. The exemption clause in the Conscription Act, was expected by its authors to catch the poor man in the toils of military power, while the rich and influential might escape. That purpose has been, in the main, foiled by the generosity of Democratic hearts. The liberality of the better off in the party, has almost universally purchased the exemption of the poor. We heard of instances yesterday, in an adjoining county, of weeping and distressed wives of drafted men, whose hearts were overjoyed by the generous contributions which kept their husbands from being sent to the front.
